Köln, 27.11.2011

Ladies and Gentlemen

Unfortunately we are forced to follow the request from IATF Oversight Office to withdraw your ISO / TS 16949 certificate.  
The Global Oversight has ruled that, based on IATF determination that the scope "programming" does not meet TS applicability.  
You will find further information in the enclosed mailing of the Oversight Office.

To have sufficient time to inform your customers accordingly and to discuss the situation with the lead auditor Mr. Vobis to find a reasonable solution (e.g. change of scope or ISO 9001 certification) we will set the ISO / TS 16949 certificate in the IATF database as well as in our database invalid on the 31.12.2012.

We have to ask you to return all relevant ISO/TS certificates issued by us directly after 31.12.2012.

Thank you for your kind understanding.

  
Udo Cremer  
Head of Business Unit "Mobility"
